

9. Limited Warranty

All warranties are applicable when installation and operation of filters and components are performed in compliance with the details provided in this manual.

Limited Warranty –

All products supplied by CES have been tested and inspected for proper performance and defects prior to shipment from our plant(s). To the original purchaser of any AMF product supplied by CES, 952 Jupiter Park Ln, Suite 1, Jupiter, Florida, 33458, the company warrants the filter to be free from defects in material and workmanship for a period of ten (5) years from the date of purchase to the prorated schedule listed below:

Internal plumbing components which fail or become defective during the warranty period, except as a result of weather, negligence, improper installation, use or care shall be replaced at our option, without charge, within 2-years of the installation of the filter, barring unforeseen delays.

To obtain warranty replacement parts or repair, defective components or parts should be returned, transportation prepaid, to the place of purchase or authorized service center. For a list of authorized service centers or to discuss a factory repair please visit [fluidrausa.com/customer service](http://fluidrausa.com/customer-service). No returns may be made directly to the factory without authorization from CES.

- a. The fiberglass tank is warranted for a period of 5 years from the date of purchase for defects in materials and workmanship according to the prorated schedule.
- b. The internal plumbing is warranted for a period of 2 years for defects in materials and workmanship from the date of purchase.

Prorated Tank Warranty Schedule (% Paid by Owner)

Until 3 Years	0%
3-4 Years	33%
4-5 Years	66%
5+ Years	100%

Exclusions of Warranty

Damage or failure due to exposure of extreme temperatures below 32° F or above 125° F. Damage or failure due to improper installation of the filter. Damage or failure due to chemical corrosion due to improper water maintenance. Damage or failure due to improper maintenance or unauthorized modifications. Damage or failure due to exceeding the rated pressure of the filter. Damage or failure due to exposure of the filter to syphoning or vacuum. Damage or failure due to not following the installation manual. Damage or failure due to air being trapped in the filter causing air compression damage.

Obligations of Manufacturer

CES will respond to any warranty claim in a reasonable amount of time from the date of request. If the owner wishes the filter or parts to be repaired or replaced during the warranty period, they must be returned to CES at the owner's expense for evaluation. If CES determines the product is repairable or should be replaced, the owner will be responsible to pay all costs associated with freight and/ or the prorated material cost determined by the warranty. CES does not authorize any persons to do any work without express written consent. Prorated percentages are based on the current year's price list.

Use of this Warranty

The request for warranty repair or replacement must be communicated to the company whom the filter was purchased. For this warranty to be valid, it is necessary to provide the original documentation of purchase of the product as well as the serial number, product code and a complete photo of the equipment from a distance as well as a photo of the claim in question. Without proof of purchase and serial number, this warranty is null and void.

*Repairs or replacements under this warranty must first be authorized by CES. *This document supersedes all previous documents. * Installing the filter constitutes an agreement that the warranty has been read and is agreed upon. * To validate warranty the enclosed warranty registration card must be completed and mailed within 10 days of purchase/ installation.
